

VISLANDER

Vino za život — Wine for life

Po čemu smo drugačiji?

How are we different?

Naše vino priča izvornu priču o teškim vremenima na otoku Visu i monetarnoj vrijednosti plavca koji su otočani razmjenjivali za hranu. Jednakovrijedno poštovanje prema povijesti i terroiru ono je što nas čini drugačijima.

Our wine tells the original story of the difficult times on the island of Vis and the monetary value of Plavac wine exchanged by the islanders for food. An equal respect for history and terroir is what makes us different.

I zato predstavljamo

And that's why we present

VISLANDER

Priča o Vislanderu priča je o otočanima – o Višanima i Britancima. Dok je oko njih bjesnio Drugi svjetski rat, Vis je skrivaо britansku zrakoplovnu bazu. U izolaciji je Višanima nedostajalo hrane, a Britanci su čeznuli za mirnodopskim užicima. Zato su nona Frona i dida Jure s vojnicima s britanskoga otočja sklopili još jedan savez – razmjenjivali su vino za hranu, suhi vojni obrok za plavac. SAVRŠEN RELJEF pjeskovitih polja i neprekidan trud učinili su taj otočni savez pobjedničkim.

The story of Vislander is a story about islanders – the people of Vis and Britain. While the Second World War was raging in the Adriatic, Vis was hiding a secret British air base. In the isolation the people of Vis lacked food, while the British pined for the pleasures of peacetime. That is why grandma Frona and grandfather Jure made an additional alliance with the British. They traded wine for food, a dry military meal for the Plavac. The PERFECT SANDFIELD TERRAIN and sustained labor made this alliance victorious.
